### Profile

I'm a software developer who is passionate about learning and fascinated with teaching robots to solve everyday human problems.

### Skills

- JavaScript
- Ruby / Rails
- AngularJS
- Python / NLTK
- HTML / CSS / SASS
- Git
- Object-Oriented Programming
- Behavior-Driven Development
- Agile

### Projects

#### **ignitebot.com | 2015**

- Ruby on Rails, HTML, CSS
- A fully-functioning web app that talks to your social network, promoting ideas and garnering support for any cause
- built, authenticated, authorized, designed, and deployed in one week
- Personally implemented OAuth, devise and the schema configuration, and acted as the scrum leader

#### **CaseHawk.com, Code Fellows collaboration 2015**

- Ruby on Rails, JavaScript, AngularJS, HTML, CSS
- Debugged and presented new features on an extensive production app
- Personally created a front-end using AngularJS for a REPORTS tab, which lists attributes of each case in a CSV format

### Work Experience

#### **JavaScript Teacher's Assistant | Code Fellows | Seattle, WA | 2015 - Current**

- Daily reading, conceptualizing and debugging student's code
- Teaching OOP, MVC, AJAX and JavaScript principles to computer competent students
- Refining a brand new course with the CodeFellows instructor/founder
- #handlebars #hjs #SQL #jQuery

#### **Assistant Sales Manager | Ethos Consulting Group | Denver, CO | 2012 - 2014**

- Developed and drove an office of 40 people to become the #1 (of 354) in gross revenue
- Was consistently in the top 10% of sales out of 500+ representatives, and in the top 5% for over 1 year; made over 700 sales, totaling \$870,000+ in revenue during a two-year period
- Built, trained, and grew a sales team of 12 people producing \$50,000+ per week; recruited and interviewed over 100 candidates

#### **Project Manager | Comnet Wireless Inc. | Castle Rock, CO | 2006 - 2009**

- Served as the figurehead of 5-10 projects at any given time, managing 10 professionals
- Developed a worksheet that saved the company \$2,000+ in shipping costs, and 12 man-hours/week

### Education

#### **Code Fellows | Seattle, WA | 2015**

Certificate, Advanced Ruby on Rails Development

#### **University of Colorado | Boulder, CO | 2004**

Bachelors of Science, Finance
